### Dear Meds Nexus Family

Welcome to the eighth edition of our Newsletter! We're excited to celebrate another milestone with you. As we step into a new month, let's continue our journey of success, powered by innovation and teamwork. Your contributions to Meds Nexus are invaluable, and together, we are shaping the future of healthcare, making a meaningful impact on lives around the globe. Here's to a month filled with achievements, positivity, and shared joy!

## Player of the Month:

**Mr. M. Hanif** – Full Stack Develop

M. Hanif has truly shined this month with his exceptional performance as a Full Stack Developer. His dedication to his work, innovative approach, and consistent delivery of high-quality results have significantly contributed to our ongoing projects.

M. Hanif commitment to excellence and his ability to overcome challenges make him a deserving recipient of this recognition. We look forward to more of his great work in the future!

## Team of the Month: Coding Team

The Coding team, led by Dr. Sana, has been an exceptional force within Meds Nexus, consistently demonstrating innovation and dedication. Under Dr. Sana’s leadership, the team has tackled complex challenges with precision and creativity, setting new benchmarks in efficiency and quality. Their commitment to excellence and collaborative spirit makes them truly deserving of the "**Team of the Month**" title. Congratulations to Dr. Sana and the entire Coding team!

## Mango Day Celebration

Mango Day was a delightful celebration at Meds Nexus, filled with fun, joy, and, of course, delicious mangoes! We celebrate this day to appreciate the king of fruits and to enjoy a moment of togetherness. It's a sweet reminder of the joy that simple pleasures can bring and how such moments can brighten our workdays.

**We're thrilled to announce the winners of our Mango Day contests:**

### Journey of Growth and Dedication: A Story of Commitment at Meds Nexus

There is a saying, **"Whatever happens, happens for the best."**

As I reflect on my life, I find this to be profoundly true. The moments that pass never return, but the experiences and lessons they impart shape our lives, either enhancing them or challenging them. This is the story of my journey so far.

**My name is Israr Ishaq**, and I currently serve as a Team Lead in CRM at Meds Nexus also hold a Ph.D. and take great pride in fulfilling my responsibilities with dedication and integrity.

My journey began in a middle-class family, and I was fortunate enough to spend the first decade of my life abroad, where I completed my early education. The early years of this century brought a significant turning point in my life, leading me back to Pakistan. My hometown is located in the beautiful region of Azad Kashmir, where I continued my education, completing my schooling, college, and university studies. Eventually, I pursued a master's degree in Islamabad.

Upon completing my education, I was engrossed in the search for a job. In 2019, by chance, I found myself stepping into the field of patient helpdesk services. Initially, the work seemed challenging—finding a job during the day and staying up at night. However, as time passed, I found purpose in my work, realizing that I was helping others, guiding them, and making a difference in their lives.

The journey continued, and then came a time that affected everyone—COVID-19. This period taught me a lot and transformed my perspective. I realized that no job is small or insignificant; it is our dedication and honesty that make it meaningful.

As time passed, I grew professionally and transitioned into the CRM department, where I gained new experiences in the health industry and became acquainted with new technologies. What started as a chance opportunity evolved into a conscious choice and passion. For the first few years, my focus was on learning, becoming proficient, and establishing my identity in this field.

Life has taught me that time never stands still. As my experience and knowledge grew, I desired opportunities to advance, but life sometimes tests us. Patience and perseverance were essential. It was during this journey that I found the path I was looking for— **Joining Meds Nexus.**

This journey began at a career expo, where I had the opportunity to meet some responsible and insightful individuals. I felt that I had finally found someone who would listen to me. During this journey, I met HR Executive Ms. Rabia Hashmi, who welcomed me warmly. After a brief wait, I was introduced to a very kind individual who guided me to the interview spot—this was where I met Mr. Faisal (HOD). Humble, decent, and the true face of Meds Nexus, Mr. Faisal conducted an interview that was more of an open discussion, a sharing of ideas and mutual understanding. It felt like a conversation between old friends, not a first meeting.

The most beautiful part of that interview was the person who brought me there. Later, when I learned who he was, I realized the true meaning of respect. He was none other than our CEO, Mr. Masood Alam. His presence and respect for others, regardless of status, made me feel that this was the place where I could not only work but also build my character.

The interview was successful, and after a brief period, the day came when I joined Meds Nexus. The respect and warmth I received on my first day have stayed with me. HR welcomed me, and the HOD personally showed me to my seat and introduced me to the team.

As I became more acquainted with the company, I saw the discipline and commitment on the floor, the leadership's communication with the teams, and the satisfaction of our clients. Every team member, from Operations, Credentialing, IT, Marketing, CRM, Sales, PHD, Admin, Accounts, to the supporting staff, performed their duties with responsibility during working hours.

Meds Nexus is not just a company; it is a continuous effort towards excellence. Every division handles special projects with the primary goal of ensuring client trust and ease. Client satisfaction is given top priority at every point. I was also introduced to a true superstar of Meds Nexus, whose efforts are always visible—our Managing Partner, Mr. M. S. Waheed. Gentle, energetic, and always striving to achieve short-term goals while moving towards bigger ones, he is someone clients love to talk to, always ready and full of energy, keeping the environment healthy and fresh.

And then, there is our President, Mr. Jamal Raheem, a man with innovative and remarkable thinking and ideas. Whether it's about clients or his team, he is always ready to engage, keeping an eye on every project, teaching, and striving to achieve more for Meds Nexus.

This company provides complete opportunities for growth, encouraging you to bring your ideas forward and try different methods. The best part is that everyone listens to you, understands your feelings and words, and gives respect. The facilities at Meds Nexus are unparalleled, with all basic allowances and amenities available, and special celebrations and time for enjoyment on every occasion.

Meds Nexus is like a family, and everyone loves to be a part of it. May God bless our company even more, and we will continue to play our part in uplifting its name.

**In conclusion, the journey is more beautiful than the destination itself.**
