Laiba Iftikhar – Asst. Team Lead Sales

Journey of Growth and Dedication: A Story of Commitment

Hello everyone! My name is Laiba Iftikhar, and I am currently working as the Assistant Team Lead in Sales at Meds Nexus. I wanted to share a bit about my journey and how I've grown both professionally and personally along the way.

Starting My Career Journey

I'm from Chakwal City, also known as Military Valley, and completed my Intermediate education there in 2020. After that, I moved to Rawalpindi to pursue my Bachelor's in Business Administration. Before I started university, I took a year off and joined a call center as a Customer Service Representative (CSR).

This was my first job, and I stayed in the BPO industry for three years, switching offices and getting promoted multiple times. Each promotion brought new responsibilities and challenges, but I learned valuable skills in leadership and communication.

A Career Shift to Medical Billing

After three years in the BPO industry, I decided it was time to switch gears. In April 2023, I joined the medical billing industry as a closer in the sales department. Within four months, I got promoted to a lead role in sales and managing client relations. This shift was a big change, but I was excited for the new challenges. However, due to some personal reasons, I had to leave that company and seek out another opportunity.

I then joined a company in G-16-4 as a Sales Team Supervisor. I worked there for eight months, but the long commute and university schedule made it difficult to continue. It was a valuable experience, but I knew I needed something that offered better work-life balance.

Joining Meds Nexus: A Positive Experience

In June 2024, I joined Meds Nexus as the Assistant Team Lead in Sales, and it has been a decision I'm truly happy with. From day one, I felt supported and valued. The company's work culture is amazing – there are extra perks that also allow employees to build relationships and bond outside of work. It's a place where everyone is treated equally, no matter their position, and where professionalism and equality are the top priorities.

I've also had the pleasure of working closely with Mr. Faisal, the Head of Department. He has been a great mentor, offering advice both professionally and personally. His dedication to running efficient processes and workflows is something I truly admire.

The Meds Nexus Difference

What I appreciate the most about Meds Nexus is the sense of equality and respect in the workplace. There's no favoritism here; everyone is given the same opportunity to succeed based on their performance. If there's ever an issue, you don't have to chase management; everyone is approachable, and problems get resolved quickly.

Looking Ahead

I'm excited about what the future holds at Meds Nexus. This company has provided me with the tools and support to continue growing and developing in my career. I look forward to building even stronger relationships within the company and contributing to its success. Thank you all for reading my story! I truly hope your journey at Meds Nexus is as rewarding and fulfilling as mine has been so far. Let's continue to do great work together and make the most of the opportunities ahead.

Thank you again!
